

Thomas R. Stasicha Jr., MD is a Board Certified Internal Medicine Physician. He received his undergraduate degree from the University of Alabama at Birmingham. He earned his medical degree from the University of Alabama School of Medicine (Birmingham, AL). He moved to Houston for internship and residency training at Baylor College of Medicine. Dr. Stasicha is skilled at diagnosing and treating a wide range of diseases and illnesses in patients age 18 and above. He has particular interest in management and prevention of Diabetes, Hypertension, cholesterol, and heart disease. Dr. Stasicha takes time to listen to his patients, as the history provided by the patient is key to a correct diagnosis. Dr. Stasicha provides personal attention to his patients, and helps guide them on treatment and prevention of illness/disease.

Dr. Stasicha joined St. Luke's Medical Group in May 2015. Dr. Stasicha is accepting new patients. Call today for an appointment.
