

CHI St. Luke's Health- Medical Group

Sam E. Rolón, DO
Family Medicine

For comprehensive family care you can trust, Dr. Rolón is dedicated to helping families achieve and maintain good health—for life.

Growing up in the Cypress-Tomball area and now a member of St. Luke's Medical Group–The Woodlands, he has a long-standing dedication to community health. Board-certified in Family Medicine, Dr. Rolón provides healthcare to a variety of patients—from newborns to seniors. Described by patients as having a friendly, caring nature with a genuine concern for their well-being; he enjoys establishing long-lasting relations with his patients and entire families.

Dr. Rolón received his medical degree from New York Technology College of Osteopathic Medicine and completed a family medicine residency at Lone Star Family Health Center in Conroe, Texas. He is a recipient of the honorable National Health Services Corps scholarship, which enables healthcare providers, who have a strong commitment to communities and their health, provide primary healthcare services to underserved areas.
